Learn What to Look For

# Learn What to Look For

Distant views,  
Gurgling streams,  
Old stone walls,  
Signs of wildlife . . .

Flip through this slideshow to learn what to look for on your woodlot.

*Do you have **similar** or **different** special places on your land?*

Once you know what you have and what you like, start to think about how you can protect, improve, and enjoy the special places on your woodlot even more.
